The above packages are all flexible and can be tailored to your needs. We will happily work with your family and friends for inclusions in the ceremony, or if you would like them to take part. We are happy for your pets to be involved, as escorts or ring-bearers - or just to look cute!

The small print... All packages include the celebrant: supplying tissues for the mums (and dads!), smoothing ruffled feathers, smiling, being calm, holding hands, getting the toast off the grooms teeth, blotting the bridesmaids and the bride, stitching the broken strap, holding the baby, holding the dog lead... etc.
